Subject: Orford – Public Water System: Peyton Place at the Mann Tavern (EPA #1838010)

Dear Mr. and Ms. Peyton:

The records of the Department of Environmental Services (DES) show that the Peyton Place at the Mann Tavern water system is classified as a public water system (PWS), as defined by RSA 485:1-a. A PWS is defined as any water system supplying 15 or more services, or 25 or more people, for 60 or more days per year. As such, the water system owner is required to submit samples to the State laboratory or a State-certified laboratory for coliform bacteria analysis in compliance with NH Admin. Rule Env-Ws 325.

DES records show that the subject water system failed to submit bacteria samples and as a result Monitoring/Reporting (M/R) violations were issued for the following months:

April 2005 and June 2005

Please note that the June 2005 violation was incurred as a result of failure to submit five routine samples the month following a positive routine sample.

In view of the Monitoring/Reporting violations, DES believes the deficiencies can be corrected by taking the following actions:

By August 9, 2005, submit five (5) “make-up” routine water samples for bacteria analysis to the state laboratory, or a state-certified laboratory, in accordance with NH Admin. Rule Env-Ws 325.

Please continue to submit water samples according to the water system’s Master Sampling Schedule enclosed.

In the event compliance is not achieved within this period, DES may initiate formal action against you, including issuing an order requiring the deficiencies to be corrected, initiating an administrative fine proceeding, and/or referring the matter to the NH Department of Justice for imposition of appropriate penalties.

Please be reminded to carry out the public notice requirements and provide proof of public notice to DES for the June 2005 monitoring/reporting violation.

If you have any questions regarding this letter, please contact Anne Bailey at (603) 271-0672 or by email at abailey@des.state.nh.us.

Sincerely,

A large, stylized handwritten signature in black ink, appearing to read 'COPY', is written over the typed name and title. The signature is fluid and extends to the right, ending in a loop.
